

THE WHITE PAPER

MISSION

THE KISIBA DEFI TRUST

is an Investment trust fund created by **KISIBA Global** to leverage the combined capital of multiple investors, through Investment in **Decentralized Finance** Assets.

VISION

Get our investors closer to Financial Freedom Through passive income.

What do the investors get out of it ?

A secured residual or passive income on a unique investment locked in a predefined and renewable time table.

What do KISIBA Global get out of it ?

More money to diversify our **DeFi** portfolio and make it a safer more reliable investment.

THE STRATEGY

We invest fiat money in the DEFI network by yielding profits from crypto-currency assets. We make profits through Alt coins extreme volatility and secure the gains through **Bitcoin**. We consider Bitcoin to be the most reliable store of Value.

ULTIMATE GOAL

Own as much BITCOIN as possible – Only 21 million will ever be mined.
